Kidder's Gas Reguinter,—Saving & per cent; with a better light.

MANHATTAN GAS WORKS, Oct. 23, 1852.
The Gas Regulator of Dr. Kidder is, in my opinion, the most sainable instrument for regulating the flow of gas to the burnies that I have seen seen.

valuable instrument for regulating the flow of gas to the burnless that I have ever seen.

It is correct in principle, and will accomplish admirably the objects for which it was designed.

It will insure fired etcutiness in the lights and as the present of the construction of the construction of the construction of the construction of the consumer to gain an equal amount of light at a smaller expenditure for gar, for the less the pressure under which the gas is consumed, the greater is the amount of light obtained.

CHARLES ROOME.
